

EXPANDED Neurofeedback Form Set - Unabridged List of Forms

DATA COLLECTION & MANAGEMENT

1. Intake Data Form, Adult

For stress, pain and EEG Biofeedback evaluations

2. Intake Data Form, Minor

For stress, pain and EEG Biofeedback evaluations of children and adolescents

3. Behavioral Inventory for Attention Deficit Disorder and Hyperactivity

Rephrased from the original DSM-IV for improved utility.

4. Confidential EEG Biofeedback Intake Data

Clinician's data sheet that includes a special behavioral inventory to structure your own observations and discussions with the patient/client and family.

5. EEG Biofeedback Evaluation for Attentional and Hyperactive Disorders Report Form

A single document to summarize evaluation data.

6. EEG Biofeedback Evaluation for Multiple Topographic Sites (Qualitative Analysis of Power Spectrum)

Allows reporting up to twelve qualitative tests on a single sheet.

7. EEG Electrode Placement Chart

Includes a list of the most commonly used 10-20 topographic placement locations and a special chart for recording each patient's placement data.

8. Program Plan

Tracks decisions and changes about individual programs.

9. EEG Biofeedback Home Progress Questionnaire

Assists the family and clinicians in identification of behavioral changes associated with EEG Biofeedback.

SPECIAL EXERCISES

10. Visual Field Figure Ground Exercise - Standard

Unique standardized controlled focusing task.

11. Visual Field Figure Ground Exercise - Basic

Same as above without mask.

12. Word Search Focusing Task & Key

Specially designed using optimistic words with 3 levels of difficulty.

13. Math Worksheet for ADHD

Provides structure and clarity designed to improve math accuracy.

INSTRUCTIONAL MATERIALS

14. Comparison of Intellectual Characteristics of Students Who Are Bright, Gifted and Attention Deficit Disordered

Table based on information from both the Washoe County School District in Nevada and The Biofeedback Center.

15. Comparative EEG Power Spectrum Graphs (showing ADD and non-ADD responses)

Useful as a handout to illustrate some differences that can be found in non-A.D.D. and A.D.D. brainwaves.

16. Hints To Parents: Suggestions for Implementing Positive Reinforcement

Initial guidance and a basis for future professional discussions.

RELEASE FORMS

17. Section 504 Recommendations Form

Summarizes school-related accommodation requirements.

18. Authorization for Release of Medical Records (for Biofeedback use)

Provides assurance to the patient/client that their doctors will be kept informed of their progress.

19. Consent To EEG Biofeedback, Adult

Can be used for informed consent prior to treatment or evaluation.

20. Consent To EEG Biofeedback, Minor

Can be used for informed consent prior to treatment or evaluation of a minor.

21. Authorization for Lien

Agreement for payment pending a legal action.
